## CANINE GOOD CITIZEN TEST

Canine Good Citizen testing will be held at the show site on Saturday, March 7, 2020. Entry fee: \$15.00. Testing will take place during the lunch break between Specialty #1 and Specialty #2. Sign up before the conclusion of Specialty #1 on the day of the show. All dogs must be at least 6 months of age and AKC eligible. Contact Jerry Sulewski at (920) 833-2242 for additional information.

## TRANSFER OF ENTRIES AFTER THE CLOSING DATE

Dogs which, according to their owners' records, have completed the requirements for a championship after the closing of entries for the show, but whose championships are unconfirmed, may be transferred from one of the regular classes to the Best of Variety competition, provided this transfer is made by the Show Secretary at least one half hour prior to the start of any regular conformation judging at the show.

Also, a dog may be transferred from one division of the Puppy Class to another or between the Puppy and Twelve-to-Eighteen Month Class at a show prior to the judging. A dog determined to be ineligible, by its owner/agent, for the class in which it has been entered may be transferred to an eligible open class at a show prior to the judging of any regular conformation class within the sex of that breed or variety, and that dogs

## SWEEPSTAKES RULES

All dogs entered in Sweepstakes must also be entered and exhibited in one of the regular classes at the show.

The first place puppy from each of the six classes shall compete in a winners class for Best in Sweepstakes and Runner-Up to Best in Sweepstakes. Runner-Up shall be awarded to the second best puppy, irrespective of sex.

DIVISION OF STAKE (Rounded to Nearest Dollar)

Northern Wisconsin Collie Club, Inc. will retain 35% of the total entry fees for expenses. The remainder of the stake shall be divided as follows:

Best in Sweepstakes – 75% of the remaining stake

Runner-Up to Best in Sweepstakes – 25% of the remaining stake

## AMERICAN KENNEL CLUB SCHEDULE OF POINTS

### Division 15 – Illinois, Iowa, Minnesota, Missouri, Wisconsin Effective May 15, 2019

|                 | 1 Point |         | 2 Points |         | 3 Points |         | 4 Points |         | 5 Points |         |
|-----------------|---------|---------|----------|---------|----------|---------|----------|---------|----------|---------|
|                 | Dogs    | Bitches | Dogs     | Bitches | Dogs     | Bitches | Dogs     | Bitches | Dogs     | Bitches |
| Collies, Rough  | 2       | 2       | 5        | 7       | 8        | 11      | 10       | 14      | 13       | 20      |
| Collies, Smooth | 2       | 2       | 3        | 3       | 4        | 4       | 5        | 5       | 6        | 8       |

The Points toward a Championship shall be awarded to the Winners Dog and Bitch of each breed or variety based on the actual number of dogs or bitches competing in that variety.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Variety, the dogs of both sexes that have been entered for Best of Variety competition and that have been defeated in such competition, shall be counted in addition to the dogs that completed in the regular classes for its sex in calculating championship points.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Opposite Sex to Best of Variety, the dogs of its own sex that have been entered for Best of Variety competition that have been defeated in competition for Best of Opposite Sex, shall be counted in addition to the dogs that completed in the regular classes for its sex in calculating championship points.

After points have been computed for Winners Dog and Winners Bitch subject to the above two stipulations, the dog awarded the Best of Winners shall be credited with the number of points calculated for Winners Dog or Winners Bitch, whichever is greater.

In counting the number of eligible dogs in competition, a dog that is disqualified, or that is dismissed, excused or ordered from the ring by the judge, or from which all awards are withheld shall not be included. Any dog which shall have won fifteen points shall become a Champion of Record, if six or more of said points shall have been won at two shows with a rating of three or more championship points each and under two different judges, and some one or more of the balance of said points shall have been won under some other judge or judges than the two judges referred to above.

At independently held specialty shows for breeds divided into recognized varieties, if a dog designated Winners in its variety is also awarded Best of Breed in inter-variety competition, it shall receive championship points figured at the highest point rating of any variety entered at that specialty show. If a dog designated Winners in its variety is also awarded the Best of Opposite Sex to Best of Breed in inter-variety competition, it shall receive championship points figured at the highest point rating of any dog of its sex of any variety entered at that specialty show.

Grand Championship points may be recorded for: Best of Breed or Best of Variety of Breed, Best of Opposite Sex to Best of Breed or Best of Variety of Breed, Select Dog and Select Bitch. Grand Championship points will be recorded according to the number of eligible dogs competing in the regular classes of each breed or variety, as well as dogs entered in Best of Breed competition, according to the Schedule of Points established by the Board of Directors.

Grand Championship points for a dog awarded Best of Breed or Best of Variety of Breed shall count all eligible dogs of both sexes entered in Best of Breed or Best of Variety of Breed competition in addition to the dogs that competed in the regular classes for both sexes in calculating Grand Championship points.

Grand Championship points for a dog awarded Best of Opposite Sex to Best of Breed or Best of Variety of Breed shall count all eligible dogs of their sex competing in Best of Breed or Best of Variety of Breed competition in addition to the dogs that competed in the regular classes for their sex in calculating Grand Championship points.

Grand Championship points for a dog awarded Select Dog or Select Bitch shall count all eligible dogs of their sex defeated in Best of Breed or Best of Variety of Breed competition in addition to the dogs that competed in the regular classes for their sex in calculating Grand Championship points.

## Collie Breed Standard

### **ROUGH**

#### **General Character**

The Collie is a lithe, strong, responsive, active dog, carrying no useless timber, standing naturally straight and firm. The deep, moderately wide chest shows strength, the sloping shoulders and well-bent hocks indicates speed and grace, and the face shows high intelligence. The Collie presents an impressive, proud picture of true balance, each part being in harmonious proportion to every other part and to the whole. Except for the technical description that is essential to this Standard and without which no Standard for the guidance of breeders and judges is adequate, it could be stated simply that no part of the Collie ever seems to be out of proportion to any other part. Timidity, frailness, sullenness, viciousness, lack of animation, cumbersome appearance and lack of over-all balance impair the general character.

**Head:** The **head** properties are of great importance. When considered in proportion to the size of the dog the head is inclined to lightness and never appears massive. A heavy-headed dog lacks the necessary bright, alert, full-of-sense look that contributes greatly to expression. Both in front and profile view the head bears a general resemblance to a well-blunted lean wedge, being smooth and clean in outline and nicely balanced in proportion. On the sides it tapers gradually and smoothly from the ears to the end of the black nose, without being flared out in backskull (cheeky) or pinched in muzzle (snipy). In profile view the top of the backskull and the top of the muzzle lie in two approximately parallel, straight planes of equal length, divided by a very slight but perceptible stop or break. A mid-point between the inside corners of the eyes (which is the center of a correctly placed stop) is the center of balance in length of head.

The end of the smooth, well-rounded **muzzle** is blunt but not square. The underjaw is strong, clean-cut and the depth of **skull** from the brow to the under part of the jaw is not excessive. The teeth are of good size, meeting in a scissors **bite**. *Overshot or undershot jaws are undesirable, the latter being more severely penalized.* There is a very slight prominence of the eyebrows. The backskull is flat, without receding either laterally or backward and the occipital bone is not highly peaked. The proper width of backskull necessarily depends upon the combined length of skull and muzzle and the width of the backskull is less than its length. Thus the correct width varies with the individual and is dependent upon the extent to which it is supported by length of muzzle. Because of the importance of the head characteristics, *prominent head faults are very severely penalized.*

**Eye:** Because of the combination of the flat skull, the arched eyebrows, the slight stop and the rounded muzzle, the foreface must be chiseled to form a receptacle for the **eyes** and they are necessarily placed obliquely to give them the required forward outlook. Except for the blue merles, they are required to be matched in color. They are almond-shaped, of medium size and never properly appear to be large or prominent. The color is dark and the eye does not show a yellow ring or a sufficiently prominent haw to affect the dog's expression. The eyes have a clear, bright appearance, expressing intelligent inquisitiveness, particularly when the ears are drawn up and the dog is on the alert. In blue merles, dark brown eyes are preferable, but either or both eyes may be merle or china in color without specific penalty. A large, round, full eye seriously detracts from the desired sweet expression. *Eye faults are heavily penalized.*

**Ears:** The **ears** are in proportion to the size of the head and, if they are carried properly and unquestionably break naturally, are seldom too small. Large ears usually cannot be lifted correctly off the head, and even if lifted, they will be out of proportion size to the head. When in repose the ears are folded lengthwise and thrown back into the frill. On the alert they are drawn well up on the backskull and are carried about three-quarters erect, with about one-fourth of the ear tipping or breaking forward. *A dog with price ears or low ears cannot show true expression and is penalized accordingly.*

**Neck:** The **neck** is firm, clean, muscular, sinewy and heavily frilled. It is fairly long, carried upright with a slight arch at the nape and imparts a proud, upstanding appearance showing off the frill.

**Body:** The **body** is firm, hard and muscular, a trifle long in proportion to the height. The ribs are well-rounded behind the well-sloped shoulders and the chest is deep, extending to the elbows. The back is strong and level, supported by powerful hips and thighs and the croup is sloped to give a well-rounded finish. The loin is powerful and slightly arched. *Noticeably fat dogs, or dogs in poor flesh, or with skin disease, or with no undercoat are out of condition and are moderately penalized accordingly.*

**Legs:** The forelegs are straight and muscular, with a fair amount of bone considering the size of the dog. A cumbersome appearance is undesirable. *Both narrow and wide placement are penalized.* The forearm is moderately fleshy and the pasterns are flexible but without weakness. The hind legs are less fleshy, muscular at the thighs, very sinewy and the hocks and stifles are well bent. *A cowhocked dog or a dog with straight stifles is penalized.* The comparatively small feet are approximately oval in shape. The soles are well padded and tough, and the toes are well arched and close together. When the Collie is not in motion the legs and feet are judged by allowing the dog to come to a natural stop in a standing position so that both the forelegs and the hind legs are placed well apart, with the feet extending straight forward. Excessive "posing" is undesirable.

**Gait:** Gait is sound. When the dog is moved at a slow trot toward an observer its straight front legs track comparatively close together at the ground. The front legs are not out at the elbows, do not "crossover", nor does the dog move with a choppy, pacing or rolling gait. When viewed from the rear the hind legs are straight, tracking comparatively close together at the ground. At a moderate trot the hind legs are powerful and propelling. Viewed from the side the reasonably long, "reaching" stride is smooth and even, keeping the back line firm and level. As the speed of the gait is increased the Collie single tracks, bringing the front legs inward in a straight line from the shoulder toward the center line of the body and the hind legs inward in a straight line from the hip toward the center line of the body. The gait suggests effortless speed combined with the dog's herding heritage, requiring it to be capable of changing its direction of travel almost instantaneously.

**Tail:** The *tail* is moderately long, the bone reaching to the hock joint or below. It is carried low when the dog is quiet, the end having an upward twist or swirl. When gaited or when the dog is excited it is carried gaily but not over the back.

**Coat:** The well-fitting, proper-textured coat is the crowning glory of the Rough variety of Collie. It is abundant except on the head and legs. The outer coat is straight and harsh to the touch. *A soft, open outer coat or a curly outer coat, regardless of quantity, is penalized.* The undercoat, however, is soft, furry and so close together that it is difficult to see the skin when the hair is parted. The coat is very abundant on the mane and frill. The face or mask is smooth. The forelegs are smooth and well feathered to the back of the pasterns. The hind legs are smooth below the hock joints. Any feathering below the hocks is removed for the show ring. The hair on the tail is very profuse and on the hips it is long and bushy. The texture, quantity and the extent to which the coat "fits the dog" are important points.

**Color:** The four recognized colors are "Sable and White," "Tri-color," "Blue Merle" and "White." There is no preference among them. The "Sable and White" is predominantly sable (a fawn sable color of varying shades from light gold to dark mahogany) with white markings usually on the chest, neck, legs, feet and the tip of the tail. A blaze may appear on the foreface or backskull or both. The "Tri-color" is predominantly black, carrying white markings as in a "Sable and White" and has tan shadings on or about the head and legs. The "Blue Merle" is a mottled or "marbled" color predominantly blue-grey and black with white markings as in the "Sable and White" and usually has tan shadings as in the "tri-color." The "White" is predominantly white, preferably with sable, tri-color or blue merle markings.

**Size:** Dogs are from 24 to 26 inches at the shoulder and weight from 60 to 75 pounds. Bitches are from 22 to 24 inches at the shoulder, weighing from 50 to 65 pounds. *An undersize or an oversize Collie is penalized according to the extent to which the dog appears to be undersize or oversize.*

**Expression:** Expression is one of the most important points in considering the relative value of Collies.

**Expression,** like the term character, is difficult to define in words. It is not a fixed point as in color, weight or height and it is something the uninitiated can properly understand only by optical illustration. In general, however, it may be said to be the combined product of the shape and balance of the skull and muzzle, the placement, size, shape and color of the eye and the position, size and carriage of the ears. An expression that shows sullenness or which is suggestive of any other breed is entirely foreign. The Collie cannot be judged properly until its expression has been carefully evaluated.

### **SMOOTH**

The Smooth variety of Collie is judged by the same Standard as the Rough variety, except that the references to the quantity and distribution of the coat are not applicable to the Smooth variety, which has a short, hard, dense, flat coat of good texture, with an abundance of undercoat.

Approved May 10, 1977

## **RIBBON PRIZES**

### **REGULAR CLASSES**

|   |   |
|---|---|
| First Place -- Blue Ribbon                | Best of Variety - Purple & Gold Rosette                       |
| Second Place -- Red Ribbon                | Best of Opposite Sex to Best of Variety - Red & White Rosette |
| Third Place -- Yellow Ribbon              | Best of Breed -- Purple & Gold Rosette                        |
